05:11/26 Quiet Lanes Policy Framework – Omission in NELC Local Plan

To consider that Ashby cum Fenby make formal submission under Regulation 19 Local Plan consultation on the grounds of Soundness and Effectiveness. Requesting that North East Lincolnshire Council addresses this soundness gap by inserting the pre-drafted 'Quiet Lanes Policy framework' (as below), into the submission text. This policy inclusion is legally required to ensure the plan is deliverable, establishes the necessary mechanism to capture private Section 106 developer contributions, and aligns with national Active Travel England infrastructure planning guidelines.

Model Quiet Lanes Policy:

Designation and Protection of Quiet Lanes

- 1. Identification and Designation.

North East Lincolnshire Council (NELC), in partnership with Town and Parish Councils, will identify and formally designate a network of 'Quiet Lanes' across the Borough's rural and semi-rural areas. These lanes are minor rural roads structurally suited for shared use by walkers, cyclists, horse riders, and mobility scooter users, where motorized traffic volumes and speeds are low.

• 2. Development Management and Mitigation.
Any proposed development located on, adjacent to, or structurally impacting a designated or proposed Quiet Lane must demonstrate that it will not adversely affect the safety, landscape character, or tranquil nature of the route. Where a development is expected to increase motorized traffic volumes or speeds on a Quiet Lane, the developer will be legally required to provide comprehensive physical and financial mitigation measures. These measures will be secured via Section 106 legal agreements and/or the Community Infrastructure Levy (CIL) to fund traffic calming, boundary surfacing, improved gateway signage, and non-motorized user protections.

• 3. Strategic Infrastructure Alignment.
The Quiet Lanes network will form a core component of the Borough's wider network planning under Active Travel England (ATE) guidelines. The Council will actively utilize Quiet Lane designations to support its strategic transport framework, enhancing rural connectivity, reducing carbon emissions, and proactively supporting capital funding bids to central government to upgrade both urban and rural communities.

06:11/26 Future Dates

The date of the next Parish Council meeting has been agreed as 12th November 2026 at 7pm.
